Disclaimer:I own nothing and i`m just borrowing.

>AN:I hve decided that i`m going to change Volcanoes religion and make her a witch(Wiccan to be exact.)

>For those of you who believe witchs worship the devil,in fact this is the opposite,we don`t believe in him.<br>And for my fellow magick companions who read this story Merry Meet.Merry part,Merry meet again.Goddess Bless!

>Now,on to the show.Oh and if you want my story ask first.(If you don`t I will hurt you :)<br>

>The Real World.<br> "Oh goddess,oh goddess."Volcanoe said repeatedly.After the shoot out she was

>offered a choice.Take the red pill or the blue pill.She`d took the red.She had woke up from the Matrix and had been in reconstruction<br>for a few weeks but she was already healing.

> She sat up and looked around.As she stood the door opened she stood.<br>"I`m Tank,i`ll be your operater.Morpheus wants you to start training."He walked through the door and waited for her.

>She followed him down the hall.They walked into a room that vaguely looked like a dentist office,but with computers that would make this<br>place a hackers paradise.Morpheus walked to her."Volcanoe what`s your religion?"He asks wondering who the goddess was she had been calling to."Huh?"She stared at him dumbfounded."Oh,i`m a Wiccan.

>I practice magick."She said.Her mind had wondered into hacker oblivion and was no longer paying<br>attention.Morpheus noticed and he walked away."Volcanoe?"Tank asked wondering if her mind was still traveling the planet.

>"Huh?Oh,ummmm.."She replied giving him an what-did-I-miss look."Oh,just wondering if you were still here."He asked."Yup,your stuck with me."<br>She answered.He laughed and sat her down.She felt a bolt of pain go through her but she didn`t care.What seemed like minutes but were

>really hours passed.Almost as soon as she was plugged in she awoke looking into Neo`s amused face."Congrats,you broke my record by 20 minutes."He annouced.<br>"I know...more than I did before."She told him."Show me."He commanded.Suddenly she was  
>in a sparring program."Here size and strength don`t matter,some rules can be bent others broken."Neo said from behind her."Well,that`s my 3rd goal."Volcanoe said to him.<br>"And that is?"He asked,curious.She smiled."Learn."He nodded and took a fighting stance.She also took one,but not before praying  
>to the Goddess for protection and speed.They each waited for the other to make a move."Strength of day,strength o0f night,give me strength beyond my sight."She wispered 3 times under her breath.She felt strength run threw her body,with speed and aglity<br>some coming."Thank you,Goddess."She answered,in thanks.He sent a flurry of punches at her,each she gracfully blocked.  
>She sent a snap kick to his stomach and hit home.Neo ran up a post-like column and come down in a savage spinkick aimed for her head.She ducked,caught his foot and whispered."Lady and Lord come to me,I your follower ask that it be,send me my sprit guide,so mote it be!"<br>The room took on a foggy appearance.She helped Neo up then turned.Slowly a shape could be seen in the dense fog,then as suddenly as it came it left.And standing there was a real,no-doubt,silver and white Dragon.  
>The Neb.<br> Tank stared in wonder at the creature on the screen."How...how did she do that?"Mouse wondered aloud.Morpheus looked over and cryptically said one word."Magic."  
> The Sparring Program.<br> "Ummmmm...ok."Was all Neo could manage.-Child,i`m your Guardian and Protector,the Lord and Lady sent me.I will be able to go into the Matrix and the ships computers,not outside of them.-The dragon said to Volcanoe."Okayyyy,what`s your name?"Volcanoe asked.-Aeryn-  
> The Neb.<br> Tank summed up everybody`s thoughts with one word."Damn,thats weird."Every nodded their heads in agreement.  
> Program.<br> "Cool,my own dragon."Volcanoe said."Bet you didn`t see this coming."Neo laughed."Hell no."She answered."I can only image what the Oracle will say to you."He remarked.  
>"So,Aeryn,what now?"Neo asked.-Something`s coming,5 or 10.-Aeryn said.-Opps,not no more no messes with my friends.-She said,giving them<br>a michieves smile."Thanks."Volcanoe said,running up and hugging Aeryn.~We need to get you out now.~A voice said."Sorry to go but we`re being paged,so see ya in a while."
